MAY GOD SAVE THE UNION

BY REV. O. DOUGLAS BREWSTER. May God save the Union! God grant it may stand. The pride of our people, the boast of our land, Still, still 'mid the storm may our banner float free, Unrent and unriven o'er land and o'er sea.

May God save the Union! We trust in its might In the time of the tempest, in fear and in fight, We'll fail not, we'll faint not, if still in the sky We can see all the stars in the saure field fly! May God save the Union!—the red white and blue, Keep our States still united the dreary day through Let the stars tell the tale of the glorious past, To hind us in Union, forever to last.

May God save the Union! still, still may it stand, Uphed by the prayers of the patriot band! To cement it, our fathers ensaguined the sod, To keep it we kneel to a merciful God.

Political Utterances from the Spirit Land-Henry Clay's Ex-Mundane View of the Pre-

We might, with the same degree of argument, say, that never, since the history of time began, should one supreme ruler of a nation have affirmed his power over his subjects.

We might, with the same degree of propriety, say, that no legal administration, no execution of governmental laws, should be carried into effect, that have a tendency in any degree to injure the rights and privileges of any human being. We may say this, but of what avail is it? The past is filled with the written of the money."

We will raise an thorities, and you shall not have this continued any longer, because it is morally wrong, because it is not, in the eye of heaven, right."
Would not you, would not your State authorities, would not every other man, in your nation or in your State, say that it was none of your business? Mostassuredly.

HENRY CLAY IN PAVOR OF COMPROMISE. Spirit Clay then advances some of the old pro-slavery arguments, and brings forward his old panacea and urges "compromise—compro-

The contest in the Republican caucus of the New-York General Assembly in nominating successor of Mr. Seward in the Senate, was exceedingly sharp and bitter. The ballots were taken as follows:

And each separate State is specifically instructed not to form laws which shall interfere with the Constitution; but in every other respect each is a distinct and positive nation.

Since that time, ex-cepting several months' absence abroad, he has

Judge Harris, although not enjoying a national reputation, has that weight of character and breadth of mind which in a national office will secure for his abilities an appropriate recogni-tion. In his own State, his long and honorable career as a judge upon the bench of one of its highest courts, has given him an unblemished and enviable reputation. the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcorous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and aluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown. life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else.

During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparills, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still-we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for lieving it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

DR. KEYSER IS PREPARED AT ANY TIME TO EXAMINE LUNGS WITHOUT CHARGE, FOR ALL THOSE WHO NEED HIS MEDICINES.

Perresungs, Jan. 11, 1860.

Dr. Kryser:—My wife has been afflicted with a bad cough and difficulty of breathing, for five or six years, which, for several years back, had gradually increased in violence. The complaint has been heredilary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your. Pectoral Cough Byrup. I bought, the first time, a fifty cent bottle, which selved her very much; I then called and got a dollar bottle, which cared her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the usedishe my self to a cold and cough. The medicine cured me by taking one done. I supress my entire assistation with the medicine, and you are at liberty to publish this if you desire to do so.

Alderman Fifth Ward

PITTERUREM, Nov. 18, 1898.

DR. HETTER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribe bie to recommend your Pectoral Syrup. As a medicine it is well, worthy the attention of any person sho may in any manner be afflicted with coughs, colds and hoarseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less, in my life, affected with the eswerest of colds and hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the heat remedy I over found, purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,

EDWARD J. JONES.

COL. PRATT AND DB. KEYSEE'S PEGTORAL SYRUP.—Da. Krysse—Dear Sir. Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup sconer. I take great pleasure in saying that it is all you say it is. Benocked the notice out of my cough, and the worst one I was ever afflicted with: I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial ras I have done, and they will be proud to say, "It is no quack medicine." I would not suffer snother such an attack for any consideration, or at any cost. I am condition that it was a stack for any consideration, or at any cost. I am condition is a stack for any consideration, or at any cost. I am condition is a stack for any consideration, or at any cost. I am condition in the proper of the condition of the

READ THE TRUTH.—DR. KRYSES: I have a daughter who has taken several medicines for a bad cough, without beneat—among them Ayer's Cherry Pectoral.—I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

A GREAT CURE BY DR. KEYRER'S PROTORAL
SYRUP. — I live in Peebles township, Allegheny county.
I had a coughing and spitting, which commenced about
the 4th of February last, and continued eight months. I
employed the best physicians in the country, and my
cough continued unabated until early in October. At
that time I was advised to try your PECTORAL COUGHI
SYRUP, which I did, and after I had taken one bottle I
was entirely free from the coughing and spitting. I had
despaired of ever getting well, and I think it should be
known that this valuable romedy will do for others what
it has done in my case.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill, with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit, his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrupwhich I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he beling about syluty years old. I have no doubt the Pectoral saved his fig.

Maher, both of Blairsville, Pa., tell us they would not be without it in their families. In fact, all who use it once want it sgain. Yours, respectfully.

"BTOP THAT COUGHING."—'How can I do it? "Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's simeutition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulich, nasudinable coughs we ever experienced since our advent upon this mundance aphere. We coughed steadily and laboriously for one whole week, in hopes of tirring it out, but it was no go. In fact it seemed rather to have improved by practice, and to have soughed steadily and aboriously for one whole week, in hopes of tirring it out, but it was no go. In fact it seemed rather to have improved by practice, and to have soughed steadily and the siege, we congled our way to Keyser's, 160 Wood fit—precured a fifty cent bottle of the "Pectoral," took it according to directions, and in forty eight hours we were master of the field, the coumy having unconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Keyser's famous "Gough Pectoral."—Drownselile Copper, Dec. 14, 1959.
